The Passion play is being produced in New York, but so far it has not created any marked sensation.

Ex-Governor Sprague is snowed under in Rhode Island. Butler couldn't help him neither could he help himself.

Pennsylvania is up with the demands of modern society. There are now thirty-two causes for which divorce can be obtained in that state.

Some have dared to say that the reason Vanderbilts gave such a large and magnificent ball in New York, is that they want to get into New York society.

Judge Gresham, of Indiana, has been appointed postmaster general. He throws up a life position on the bench for a couple of years dabbling in politics.

The gross earnings of the Chicago, Milwaukee & St. Paul railway for the month of March amounted to \$2,044,000, against \$1,561,000 during the month of March, 1882.

The Massachusetts house of representatives has defeated the proposition to amend the constitution prohibiting the manufacture and sale of intoxicating liquor in that state.

That venerable philanthropist—W. W. Corcoran, of Washington—says he expects to see a democratic administration before he dies. He evidently expects to out-do Mathews.

Dorsey kept his temper while on the witness stand, and some say that this is an indication that he is innocent. Men do not generally get mad while standing on the gallows. Their peculiar situation keeps their temper down.

A Madison dispatch says that a letter intended for the sheriff of Dunn county, went to the sheriff of Dane county. It authorized the attachment of the stock of Charles Hudson, dry goods, at Waukegan, Dunn county. The attachment was made on the stock of Charles Hudson, dry goods, at Waukegan, Dane county.

The once "Rev" W. H. H. Murray, of Adirondack fame seems bent on throwing his life away. He left Boston and went to San Antonio, Texas. There he accumulated \$12,000 in debts and then left town with a woman. Mr. Murray is an excellent scholar, a fine orator, and a good writer, and with all his accomplishments and wide reputation he proposes at the age of 42, to make a scoundrel and a vagabond of himself.

A nut from the Chicago Journal, for the capitalists and merchants of Chicago to crack: "Some of the capitalists, merchants and other business men of the city who so nobly labored and so fondly heaped for the defeat of Carter Harrison yesterday, would be astonished if they really knew how many of their young clerks and other employees worked, voted and bet on the other side. They would be equally astonished if they could know how and where many of these young hopefuls spend their nights, their Sundays, and their holidays—even election holidays."

The Milwaukee Sentinel comes Tuesday's session of the state senate the most profitable and satisfactory of any session during the entire winter. There were no bills passed, and that is one reason why the session was profitable. Only one senator was present. "He sat alone in the body of the chamber, and after the minutes were read he unanimously approved of them, and then proceeded to the discussion of such questions as appeared to demand discussion. There was no opposition, no calls to order, no resort to filibustering, not even a call for the eyes and nose. It is believed to be the only time in the record of legislation when there was no danger from dying in the stands. That session was so profitable that the Sentinel is in favor of only one member being in each house."

PETER COOPER.

The venerable Peter Cooper, the philanthropist, inventor, and manufacturer, is among the dead. He was another victim to pneumonia, having taken a slight cold some days ago which settled upon his lungs. His advanced age—being little over ninety-two—and general feeble health, were great drawbacks to his recovery.

Peter Cooper was one of the most remarkable men this country has produced. He was born poor, and reared without educational advantages, attending school only half of each day for a single year, and beyond the limited knowledge thus gained, his acquisitions were entirely his own.

He learned coach-making, and from that time he began his inventions. After learning the cabinet trade, then the grocery business, he engaged in the manufacture of iron at Baltimore, and beyond the limited knowledge thus gained, his acquisitions were entirely his own. He learned coach-making, and from that time he began his inventions. After learning the cabinet trade, then the grocery business, he engaged in the manufacture of iron at Baltimore, and beyond the limited knowledge thus gained, his acquisitions were entirely his own.

He built the Cooper Institute at a cost of a million dollars with its endowments, and provided that all its rents, issues, and profits, should be applied to the instruction and elevation of the working classes of New York city. He gave his money liberally to other charitable purposes, never, in old age or middle life, forgetting to be kind to the poor.

Mr. Cooper was the greenback candidate for the presidency in 1876, but since that time he had been a republican as he had been for some years previous to his candidacy for the presidency. He will fill an important place in the history of this country, and his memory will be long cherished by the American people. In religion Mr. Cooper was a Unitarian.

RHODE ISLAND.

A Complete Victory Scored For the Republicans.

Ex-Governor Sprague Polls a Very Large Vote.

Bourne's Vote Estimated at About 13,000. Sprague's Vote, 10,000. Cutler, Democrat, 700. Elections Elsewhere.

PROVIDENCE, R. I., April 5.—The state election yesterday resulted in a complete victory for the Republicans, who scored a handsome majority in all of the towns in the state. The boom to elect ex-Senator William Sprague governor, and thereby secure another state favorable to Gov. Butler at the next national Democratic convention has been well worked up, but the lack of funds among the supporters of the movement and the alleged use of money by what Gen. Butler pronounced "the Republican ring" prevented its success.

Ex-Gov. Sprague polled a very large vote, running on the Independent-Republican and Democratic tickets. He will receive, estimating the towns yet to be heard from, 9,000. A. Augustus C. Bourne, the Republican state ticket for general offices, will have about 11,000. Charles R. Cutler, the nominee of the bolting Democrats, polled some 300 votes, so that Bourne's majority is estimated at about 1,000 or upward. The complexion of the legislature, which was threatened in the event of Sprague's success, would create a new supreme court with a view to obtaining new judges in the way of speedy judgment and decisions in the interminable Sprague litigation, remains unchanged, having 2 Republicans and 1 Democrat. The most notable change is the election of the Democratic candidate, Pierce as the chairman of the Republican state committee, and his defeat was a surprise to the party.

PROVIDENCE, April 5.—Returns from nine towns, including three always Democratic, give Bourne 1,715; Sprague, 1,150 and Cutler 138. Bristol, the home of Bourne, gave Bourne 745; Sprague 138, and Cutler 11. East Providence gave Bourne 75 majority. The indications now are that Bourne will have 3,000 majority over Sprague and Cutler. South Kingstown, where Cutler is located, gives Bourne 317, Sprague 225. Returns from 12 states are nearly complete, and give Bourne about 2,400 majority over all, and about 3,000 plurality over Sprague. The assembly has at least 54 Republicans of 105 members.

PROVIDENCE, R. I., April 5.—Vote of Providence: Bourne, 3,530; Sprague, 3,202; Cutler, 104; scattering, 8. The total vote of the state, according to The Journal's returns, is: Bourne, 13,101; Sprague, 10,230; Cutler, 707; scattering, 181. Bourne's majority, 2,865. The Republican strength in the general assembly is about as last year. The total vote of the state about 8,500 over last year. The Republican vote has increased 3,042. A. O. Bourne, governor-elect, left at midnight to take the steamer for Europe for a brief visit. Samuel F. Cobb, Republican, for attorney general, ran 453 ahead of Gov. Bourne, and William Sykes, on the Sprague ticket, for state officer, ran 279 behind Sprague. The Republican assembly ticket in this city has 605 majority.

ILLINOIS.

CHICAGO.

CHICAGO, April 5.—The total vote of the city was 72,371; Harrison's majority, 10,051; Dunphy's majority, 2,280; Grinnell's majority, 14,700; Neumiller's majority, 5,225.

LA SALLE.

LA SALLE, April 5.—Only a two-thirds vote was polled at the township election—3,280 votes being cast. John McLaughlin was elected supervisor; John Farrell and John Martin assistants.

REED.

BRAIDWOOD, April 5.—The Reed township election resulted as follows: Supervisor, Joseph Rain; assistant supervisor, Albert Coop; clerk, Wm. Bell. A light vote was polled.

SHELBYVILLE.

SHELBYVILLE, April 5.—At the township election for this township the Democrats elected their candidates for town clerk, assessor, collector, and commissioner of highways. The Republicans elected their candidate for supervisor.

STREATOR.

STREATOR, April 5.—The election of Tuesday was a quiet one, and but 1,024 votes were polled. Fred W. Eade was elected supervisor; L. C. Mills and Walter Hoge, assistants; N. W. Bean, town clerk; Jabez Mackey, assessor. The result was a victory of the Citizens' ticket over the workingmen's ticket.

MORRIS.

MORRIS, April 5.—There was no contest for town officers except collector. Otto J. Nelson, Republican, was elected supervisor; C. H. Miller, Republican, town clerk; E. Stutz, Democrat, assessor, and John Boner, Republican, collector by 3 majority.

MATTOON.

MATTOON, April 5.—The township election passed off quietly. Beal, Democrat, is elected supervisor over Gorthwaite, Republican, by 3 majority. The remainder of the Republican ticket was elected by majorities ranging from 25 to 318.

JOLIET.

JOLIET, April 5.—At the town election, 2,307 votes were cast. The people's ticket is elected by majorities of from 160 to 300.

ALTON.

ALTON, April 5.—The following supervisors were elected in the several townships of this (Madison) county at the election yesterday: Alton, John A. Bannan; J. M. Carter; J. M. Tonsor; J. Quanton; Hevelia, Louis Latzar; Saline, John Tontz.

MARSHALL.

MARSHALL, April 5.—In the special election held to fill the vacancy in the office of county treasurer caused by the death of John Connelton, Thomas W. Cole, Democrat, was given a majority of between 40 and 500.

MICHIGAN.

THIS IS JUST FOR THE MEN FOLKS

Those new cloths are here and more to follow, as the rush for them has been so great that I have been obliged to DUPLICATE my spring purchase. I employ the best workmen and use the best of Trimmings. My stock of Cloths can not be surpassed by any house in the city, either in quantity or quality, and for fine fitting and stylish out garments is generally conceded that I have altogether

NOTES.

An April shower last evening.

Damon and Pythias at the opera house this evening.

Janesville chapter No. 5 R. A. M. meet in Masonic hall this evening.

Prof. Severance's dancing school was well attended last evening, and the merry party had a pleasant evening.

There were no arrests made by our police force last evening, consequently the municipal court was idle to-day.

Messrs. Sanborn & Caniff have a new delivery wagon running in connection with their second hand furniture establishment.

The Daughters of Rebecca sewing circle is doing needle work at the home of Mrs. T. R. Gray, on South Main street, this afternoon.

Whitewater and several other cities and towns in this state have commenced making preparations for holding memorial services on Decoration day.

It is said that the case of Wilcox vs. Hemming, which has just been decided in the supreme court, has cost the plaintiff upwards of seven hundred dollars.

The Green county circuit court has finished the business before it and adjourned. Judge Bennett and the attorneys from Janesville returning home to-day.

Mrs. J. P. Shinson, sends the Gazette office some specimens of peach blossoms from Albuquerque, New Mexico, which shows that the season there is two months earlier than in Wisconsin.

We call attention to the card of Mr. Mark Ripley, one of the live fire, life and accident insurance men of Janesville. People having business in his line will lose nothing by calling at his office and looking at his long list of solid companies.

There was quite a spirited local contest for the chairmanship of the supervisors in the town of LaPrairie on Tuesday, between Mr. George Sherman, the present chairman, and Mr. W. H. Stark. The result of the contest was a tie vote, and in casting lots Mr. Stark drew the winning card, and was declared elected.

Large flocks of wild geese have been passing over this section of the state the past day or two. Their flight seems to be in no particular direction—but principally north and south. According to the Hibernian servant girl this action on the part of these wild species of the genus "Anser" indicates "either cold or warm weather."

The new officers elected on last Tuesday will take possession of their respective offices on the third Tuesday of April, being the seventeenth of this month. The present common council will hold two more meetings, the regular meeting on Monday evening, and an adjourned meeting for the purpose of approving the bonds of the officers elected.

The funeral of the late Mrs. Jennie Stryland, who died on Monday evening at Baraboo, was held at the residence of her brother-in-law, Mr. Thomas King, on Locust street, this afternoon at three o'clock, Rev. Horace Gates, of Trinity church, conducting the services, which were largely attended by sympathizing friends. The remains were taken to Oak-hill cemetery for interment.

When Mr. Ward, the tragedian, rang his room bell at the Myers house yesterday afternoon, it was answered by a little fellow who put the question to the popular actor—"Do you belong to the show that's here?" "I do," said Mr. Ward. "What do you play?" "Tragedy," "We haven't had many of them kind of shows lately," replied the boy; "the last two was Romeo and Juliet and a minstrel troupe." Mr. Ward smiled audibly, and the boy proceeded to make the fire.

The ladies connected with the free library are about completing their arrangements for canvassing the city for the sale of tickets for the benefit exhibition tendered the library association by Colonel Burr Robbins. It must be borne in mind that the entire receipts of this exhibition of Mr. Burr Robbins, Great American and German Allied shows goes to the library fund. Mr. Robbins bearing all the expense. The ladies propose to canvass the city thoroughly for the sale of tickets, and it is hoped that all will be ready to take one or more tickets when called upon, and thus make the benefit what Colonel Robbins, in his generous offer, intended it should be—a good free library for the benefit of the people of Janesville. All the little boys and girls in the city should now begin to save their pennies for the purpose of purchasing a ticket, for they will all be called upon. There will be room enough under the canvas to accommodate the entire population of the city.

The Evansville Enterprise: Mr. I. M. Bennett is buying calves to ship west. He now has between five and seven hundred and intends to get between ten and fifteen hundred ready to ship the first of May. Mr. D. C. Rowley is the only man from the town of Union drawn as juror for the April term of court. Think this part of the county had better secede, and have a part of Rock and Green counties set off to us, forming a new county, having Evansville for the county seat, as we are hardly recognized now as being a part of Rock county, especially when it comes to any of the benefits to be derived therefrom. Frank L. Bump, nearly 21 years of age, son of W. H. Bump, of West Magnolia, fell dead on Thursday while husking corn. He had just been to the house and taken a dose of medicine, having been out of health for some time, when he returned to his husking near the house, when he immediately expired while in the act of picking up a stalk of corn. Heart disease was the trouble. His funeral was held at Magnolia corners the following Saturday.

Go early and avoid the rush at the rink to-night.

Alas!—Dentists who have tried "THERMEX," pronounce it the finest thing on the face of this earth for the teeth and breath. 25 and 20 cents. Sold by Prentice & Evenson.
